## PROFESSIONAL SUMMARY

Senior Platform & DevOps Engineer with 8+ years specializing in cloud-native architectures (Azure, AWS) and 25+ years of comprehensive IT enterprise experience. Proven track record of driving Developer Experience (DevEx), FinOps, and large-scale migrations while leading high-performing technical teams and leveraging AI-driven automation.

Experience as Platform Engineer, DevOps/SRE Manager, Release Manager, Technical Leader, and IT Systems Director. Long experience with \*NIX systems in International Enterprise DataCenters and BareMetal across multiple industries (since 1995).

## TECHNICAL STACK

### Cloud Platforms:

### Infrastructure & IaC:

### Containers & Orchestration:

### CI/CD, DevOps, FinOps & DevSecOps:

### Atlassian Ecosystem:

### Monitoring & Observability:

### Scripting & Automation | AI:

## PROFESSIONAL EXPERIENCE

---

### **Azure DevOps | Aliando**

**2026 – Present**

- Azure DevOps platform, automation, CI/CD, FinOps and AI.

### **Engineering Service Delivery Manager, Platform Engineer | PayRetailers**

**2025 – 2026**

- Led cross-functional service delivery across Infrastructure, SRE, and DevOps teams, ensuring high availability for critical payment gateways
- Led Bitbucket & ADO to GitHub Enterprise Migration for 740+ repositories, establishing self-service CI/CD pipelines, DORA Metrics and improving Developer Experience (DevEx)
- Spearheaded FinOps initiatives, reducing annual cloud costs by >\$150k through Azure optimization, licensing adjustments, and infrastructure rationalization
- Integrated AI tools (Copilot, Cursor, Ollama) into engineering workflows to accelerate IaC deployment and automate repetitive tasks

### **DevOps & Release Manager | PayRetailers**

**2023 – 2024**

- Built a new follow-the-sun DevOps team, establishing a strong engineering culture, DevSecOps practices, and incident response protocols, hired DevOps in Argentina, Spain, Brazil and Bulgaria
- Managed containerized workloads and integrated automated DevSecOps scanning (SonarQube, Snyk, Trivy, Liquibase) into CI/CD pipelines
- Orchestrated complex release cycles across multiple squads using Jira Releases & Bitbucket Pipelines
- Implemented GitFlow, Canary deployments, SemVer, Conventional Commits (+JIRA Notation), ChangeLogs & Release Notes for 40+ International Developers (8 squads)

### **DevOps Technology Leader | Cognizant Netcentric**

**2021 – 2023**

- AWS Senior DevOps, SRE and DevOps Manager
- Technical leadership, mentoring and best practices to engineering teams, including AWS cloud-native strategies
- Reduced 2000+ vulnerabilities by developing and maintaining automatic security patching for 450+ Linux servers under VMware with Ansible
- Engineered infrastructure automation improvements using pipelines (Jenkins & JCasC), terraform, terragrunt and puppet

### **IT Systems Director | Seera Group**

**2018 – 2021**

- Led AWS migration initiatives for legacy On-prem infrastructure
- Architected On-prem & AWS infrastructure monitoring (Datadog, CentreON, Grafana & Prometheus)
- Senior Sysadmin (Debian, Mint, Hetzner BareMetal, VMware, Veeam, Windows Server, FortiNet) and DevOps Engineer (AWS, Atlassian, Terraform, Packer, EC2, WAF, S3, RDS, Route53, SES)

## IT Outsourcing Technical Coordinator | Logicalis (for Grupo Piñero)

2014 – 2018

- Coordinated IT infrastructure and troubleshooting for mission-critical Web & CRM systems, On-Premise Enterprise and Cloud (Linux, Windows, AIX, VMware, SAN, Storage, Backup & Recovery, Monitoring, Hardware)

## Field Service Engineer | Sun Microsystems/Oracle, Soluciones

2013 – 2014

- Provided on-site hardware support and system administration for enterprise clients on Sun, StorageTek & Oracle hardware
- VMware Consultant and Auditor for Soluciones clients in Andorra (Banking, Gov, Retail, Telecom)

## Senior Technical Analyst | Accenture

2009 – 2013

- Developed custom solutions including ManageEngine AS400 monitoring tool, and storage monitoring
- Senior Technical Analyst in Linux, UNIX, IBM i and HP Integrity servers, providing administration, teams training, Project Design and Management for Banking clients in Andorra

## Enterprise IT Specialist | Inditex, Computacenter, Telewest, Independent Insurance

1994 – 2009

- 15 years in enterprise IT roles spanning consulting, hardware administration, storage management, and system support in large DataCenters (in UK & Spain).

## CERTIFICATIONS & CREDENTIALS

---

- 2026: **ANTHROP\C: Claude Code in Action**
- 2025: **SCRUMINC: Registered Scrum Basics**
- 2022: **AWS Partner – Technical Accreditation**
- 2021: **Microsoft Certified: Azure Fundamentals (AZ-900)**
- 2019: **AWS Certified Solutions Architect – Associate (SAA, Expired)**
- 2013: **VMware Certified Associate (VCA-DCV)**
- 2001: **IBM Certified: AIX System Administrator & AIX Support Specialist**

## PUBLICATIONS & CONTRIBUTIONS

---

- **Technical Reviewer:** "Datadog Cloud Monitoring - Quick Start Guide" (PACKT Publishing, June 2021)
- **Nagios Exchange:** Published and maintained monitoring plugins for UNIX/Linux systems (2016–2019)
- **ManageEngine Collaboration:** Co-developed AS400 monitoring capabilities with Zoho (Accenture, 2013)
